

DAWN BUCKINGHAM
STATE SENATOR

Statement on Senate Joint Resolution 24 (Kolkhorst) Joint Author

As a rural Senator and a lover of the outdoors, I believe Texas state parks are among our state's most valuable treasures. In addition, as an advocate for transparency and truth in taxation, I believe revenues collected by the state should be used for their stated purposes.

That is why I am a joint author of Senate Joint Resolution 24 by Senator Lois Kolkhorst, which will constitutionally dedicate the sporting goods sales tax to the Texas Parks and Wildlife Department and the Texas Historical Commission to better support state parks throughout Senate District 24 and across Texas.
